

# Fostering the Family

---

Fostering the Family is a non-profit organization focused on connecting South Carolina foster families with their local community offering spiritual, physical, and monetary support to ultimately create a lasting difference in children's lives. We believe that unique people were created by God to serve as foster parents and we want to support their mission in every way.

We have a variety of opportunities for congregations to get involved with Fostering the Family. The easiest thing to do: pray! Pray for the families that are selflessly opening their homes and enduring the emotional turmoil that comes along with the fostering process. Pray for the children that are experiencing life-altering changes during a pivotal time of their life. Pray for each community member that will come in contact with the families and children to leave a positive impact.

**We graciously accept donations!**  
These donations directly fund support for foster families.

Fostering the Family would not be possible without the help of volunteers. Entering the volunteer portal allows for community members to select opportunities that they are willing and able to help with. Volunteer tasks range from donating a crib to a new foster family in support, to helping with Fostering the Family fundraising events.

Learn how to care for foster children and their families through Family Advocacy Ministries (FAMs). FAMs create much-needed support for foster and adoptive families and biological families in crisis. During this clinic, we will equip you on how to build and lead a successful FAM, with a focus on developing Care Communities to support foster, adoptive, and biological families, within your local church so you can help provide what vulnerable children need most—strong families.

We are always looking for churches to partner with on a larger level
